Job Title: Senior Data Analyst

Location: UK
Role Type: Permanent – Full Time
Job Location: London

About Sagacity

Sagacity Solutions launched in August 2005 offering consulting solutions to large blue-chip organisations within the mobile telecommunications sector in the UK.

Over the last 10 years Sagacity has evolved into a specialist data solutions provider owning and solving complex technical and business change initiatives in a practical and hands-on way. Our industry expertise has grown to include utilities and financial services and we now have experience in a range of different geographies including Ireland, Poland, and Australia.

Sagacity's specialist data solutions have been developed as part of our software range which comprises of 3 key components; Data Quality, Revenue Assurance and Customer Value Management. Our data solutions are delivered through a combination of software and Sagacity's business delivery capabilities to provide our clients with bespoke solutions to address their specific business needs.

Our unique product and service offering is portable across a wide range of industries, business sectors and both established and emerging markets.

Responsibilities

Our Data Analysts:

- Are experts in turning large quantities of complex client data into insights which can be used to inform decision making and drive business benefit
- Are quick to identify incomplete and diverse data sets, pin pointing data issues which may affect the accuracy and completeness of any analysis performed
- Recognise the importance and value of understanding the data they are analysing, validating the information provided and reconciling the data sets as part of the Data Analytics Cycle
- Are experienced in producing data visualisations, detailed reporting and analytics underpinned with clear business commentary
- Work closely with multi-disciplined teams to deliver end to end client solutions in a timely manner
- Balance the technical and analytical demands of their role with the need for strong engagement with our clients and consultants alike
- Are open minded and flexible with a thirst for knowledge and an appetite for continuous development

What success looks like in the role

- Clear, concise and insightful data analytics which enable our clients to make sound business decisions based on fact

Sagacity

- Ability to translate data analysis into targeted information which can be converted into actionable improvements, based on specific client / industry need
- Continued improvement of Sagacity's Product Suite through the delivery of robust data insight
- Ability to take accountability and ownership for client and internal deliverables
- Work as part of a Data Analytics team proving knowledge transfer support, peer to peer reviews and mentoring as a team to increase the team's skill sites and drive continuous learning

Competencies and Behaviours

- 3+ years of relevant experience
- Commercial experience within Telecoms, Banking or Utilities industries; or within a data related consultancy company
- Have strong applied technical and analytical skills using SQL and Excel
- Experience in Python, R or statistical modelling would be preferred
- Ideally be educated to degree level in a numerate subject, and with strong A-levels in mathematical/ scientific based subjects
- Have excellent communication skills
- Have a keen eye for detail
- Have pride in your deliverables
- Are highly organised and good at planning
- Good at working independently and as part of a team
- Are flexible and self-motivated
- Are good under pressure
- Able to travel throughout the UK
- Can be based at our London Office
- Have the right to work in the UK
- Have a commitment to personal development

People at Sagacity

Success in any business is ultimately about its people; their skills, personality, attitude, qualities, dedication and enthusiasm. We recognise the value of our people and their commitment to working together as a team, but equally between ourselves and our clients.
Our consultants are often personally recommended and undergo rigorous screening to ensure they share the qualities that are integral to our business. They naturally have an outstanding level of skill in their areas of expertise, many with significant operational experience within our key industry sectors.

At Sagacity, we:
- believe working with our clients, in collaboration, delivers better results
- coach & mentor our clients' teams so our solutions live on after our assignment ends
- believe in delivering benefits as we go along

If you would like to join a unique working environment, with a sociable culture, where work is done a little bit differently – and we believe 'better' - then we look forward to hearing from you!
